

Ramu and Bodhi

Guest house

Boudha, Kathmandu

Nepal

20th June 2021

Dear Yvonne Helene Koch and Nepal Tara association

Namaste and warm Greetings from Ramu from Bodhi guest house !!!

Namaste I am Ramu whom you know for many years. I have been running bodhi guest house and bodhi tours and trek for 10 years. I am fully involved with tourism work in Nepal.

Because of this pandemic there are no tourists in Nepal and we are suffering from big health crisis. Our hospitals are full with covid patients and it is really hard to get bed in hospitals with no ICU beds and we can not get any oxygen cylinders.

Every day almost 10000 people have covid positive and more then 200 people dying. We are in a second lock down since a month and lock down getting quite strict from today onwards because cases of covid is going high and high every day. So from today onwards no shops nothing will be open.

Bodhi Guest House

Baudha, Kathmandu

As you all know Nepal is a poor country ,Here many people are daily wage people who work in the daytime and that is enough for them for their one meal. But now they could not work but need food so government is doing nothing. Also many poor people are in the hospitals and they could not have food because all hotels and restaurants are closed. Treatment in the hospitals are quite expensive in Nepal and specially for poor people they are suffering lots. At Least if we can serve good meal for them, it can help many covid people and their family to survive and restart a new life with new beginning.

Bodhi Guest House

Baudha, Kathmandu

Because of lock down and covid many people are suffering food crisis specially in many covid hospital ,So we decided to serve packing food to the government hospitals where poor and hungry people comes for the treatment and could not get a chance to eat food because of poverty and no food. Also, we are planning to serve foods for beggars and daily wage people. Two to three times meal(if we cook for many people) costs around 1 swiss frank. So by 1 frank 3 people will get enough food for a day.

We would like to thank you all for your kind support for our food campaign to the needy and hungry people. Many people survived and got a new life because of our food campaign and blessing us for our good work. Thank you very very much. Here is the account details from the money we received.

Description summery	Income (NRs)	Food (NRs)	Other (NRs)
